

There should be consultation between Magna and Ilchester Estates before decisions are taken on rentals, but got the impression this does not always happen.

As far as commercial properties are concerned Ilchester Estates own most of them. Notable exceptions are the 2 pubs and the Butcher's shop.

Regarding farms, there are 2 Farm Units in Portesham and Abbotsbury plus 5 let farms to Evershot Farms Limited and 1 managed directly.

In terms of the various accreditations to the land and coastline, Oliver suggested we take a look at <https://magic.defra.gov.uk/MagicMap.aspx>

9. **Costs to date MH**– Costs to date v budget was circulated, hall hire was not accounted for in initial budget. It is thought that the group are in credit for consultant hours. DT & PB to look into.
10. **Progress on Business survey (PB)**– Lists of businesses to be circulated and updated by members discussions on some questions to be several tick boxes rather than one option. Also, when considering the question on business journeys, to clarify the total of journeys per day by staff, suppliers and customers. Businesses to be asked details at end of survey so as not to put them off completing it- more work to do.
